

# Town of Charleston

## Town Recycling Update

After the April pickups, **Darald Moulton will discontinue monthly recycling pickup in Charleston**. If you currently have your recycling picked up by Mr. Moulton, please plan to make other arrangements beginning with May.

Charleston residents can drop off sorted recycling at the Northeast Kingdom Waste Management District, located at 224 Church Street in Lyndonville, on Wednesdays from 8am – 4pm and Saturdays from 8am – 3pm. Items must be sorted according to the same guidelines you followed with Darald Moulton. Contact NEKWMD for information 800-734-4602.

Private rubbish haulers, including Austin's (895-4889) and Dave's (766-8042) offer zero-sort recycling for a fee. Please call them directly for more information.

The Selectboard and Town Clerk's Office will make further announcements as other options become available. We apologize for the inconvenience, and appreciate your understanding.
