? FREQUENTLY ASKED QUESTIONS

What is Zero-Sort® Recycling?

Zero-Sort Recycling is Casella's state-of-the-art process which enables paper, cardboard, plastic, glass, and metal cans to be collected together in one bin without the need to separate.

Can I throw everything into my Zero-Sort Recycling bin?

NO. Your Zero-Sort Recycling bin is for Zero-Sort recyclables only. Items that can't be recycled should be tossed into your trash bin. For information about other types of recyclables, please call 877-884-6331.

How should I prepare my recyclables?

Recyclables should be empty and rinsed clean of food residue. Corrugated cardboard boxes should be broken down into 2' max pieces. Lids and caps under 2" wide must be removed and thrown in the trash. **DO NOT** tie newspaper, cardboard or jugs with twine. Handles should be removed from pails and paper bags.

What type of metal can I recycle in my bin?

Aluminum and tin cans are acceptable. **NO** other metal items of any kind should go in the bin.

What are large rigid plastics?

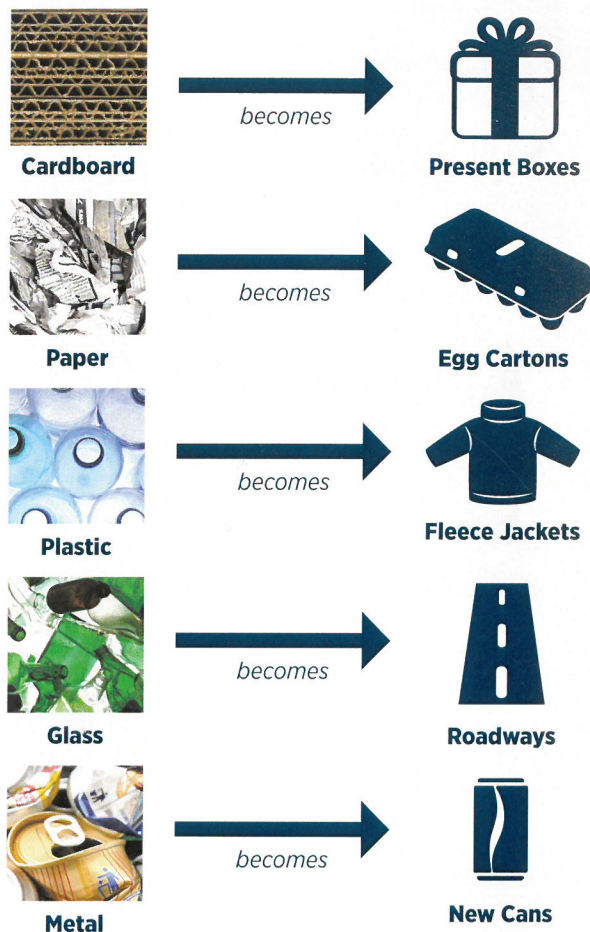

Items made of plastic which include, sleds, soda crates, laundry baskets, plastic chairs, carts, toys, garbage cans and general household items. These items are **NOT ALLOWED** in your recycling bins.

Can I put my recyclables in plastic bags?

NO. Plastic bags are not accepted in the Zero-Sort Recycling program. Many grocery and retail stores offer plastic bag recycling. **The only exception** is for shredded paper, which should be sealed in a clear plastic bag and placed into your recycling bin.

GIVING RESOURCES NEW LIFE®

Zero-Sort® Recycling puts your discarded materials back into the world and not into the landfill.
